

As promise in my intro of this site ([see](#)) I value a lot good questions. Remember the “I Robot” movie little hologram message?... “My responses are limited. You must ask the right question” ☐

So for 2013 I’m prepared to ask and search for answers for the following questions.

1. [Identity: What is “I”?](#)
2. Super identity: What is “us”?
3. Determinism: What is “observe”?
4. Super identity interaction: What is “freedom”?
5. Computing universe: What is the fundamental model of computing and what does it have to do with the universe?
6. Dimensions: How many dimensions, what kind of dimensions, how they impact us?
7. Absolute: What is God?
8. Equilibrium: What is Power?
