

Just finished reading “The Narcissist Next Door” by Jeffrey Kluger

I’ve started reading the book before the US elections started. Now after I’ve finished it I seem to get a better understanding of the current dynamics of the campaign as I’m looking at it from a new perspective. If you wonder what’s going on just read the first few pages on [amazon.com](https://www.amazon.com) (those are free) and yes I recommend you buy it and read it if you are a US citizen. I think it will pay off.

I have the feeling that “Mr. Dobbs” will once again get very close to the high office and for the same reason... ☐
