

Is a Golden Cage the same as a Home?

Children separation at US border: It seem to me we are thinking that a Golden Cage is one and the same with a home. To me golden or not a cage is a cage and a cage does not need to be make of a material thing either!

Every country has the right to choose who can come and stay, but each country will be judged based on how they do that.

It deeply saddens me that the country I was holding high in my esteems related to human rights find itself and the bottom of the barrel in upholding human rights.

Time to wake up people!
